Forecast For Dumfries, Galloway, Lothian & Borders
Issued by Met Office Aberdeen
at 0400 on Sunday 31 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wet and windy start, clearing to heavy showers for afternoon.

Today:
Area of rain and strengthening winds soon spreading from Dumfries and Galloway, reaching all by mid-morning. From late morning this clears northwards, with showers following from the south, potentially heavy, thundery and slow moving across Dumfries and Galloway. Maximum temperature 11 deg C (52 deg F).

Tonight:
Clear spells and some scattered showers, but across western areas these turn frequent towards dawn, west to northwest winds increasing strong to gale. Minimum temperature 3 deg C (37 deg F).

Monday:
A day of showers, these more frequent and potentially heavy in the west, before easing from late afternoon. Strong west to northwest winds, reaching gale force at times initially. Maximum temperature 11 deg C (52 deg F).

Outlook for Tuesday to Thursday:
Mainly dry with brighter spells, but a few light showers may appear around the coasts.
